

Managing Risk for Small Businesses

For small businesses, when something goes wrong the impact can be huge. Taking basic steps to comply with regulations can protect you from Health and Safety and HR headaches.

How can PIB Risk Management help?

PIB Risk Management helps small companies* comply with Health and Safety and HR law.

We have a range of products to suit your budget and help you to meet your legislative requirements, as per our packages below. Where these packages are not appropriate, our full service is a much more comprehensive offering.

Packages
